Summary of reasons for decision:

This computer moving image file is deemed to be objectionable as it promotes and supports the exploitation of children or young persons for sexual purposes. The clip explicitly depicts a boy being engaged in sexual activity by a man. The only purpose of this material is to sexually arouse the viewer, and it encourages the view that boys are available for the sexual pleasure of adults. The digital format allows the clip to be easily disseminated. The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and reflects the concern of a free and democratic society to limit the availability of publications that promote and support the exploitation of children or young persons for sexual purposes.
